BOOK SYNOPSIS

Tia Monroe was smart, sassy and successful. Sure, she could get a little crazy at times--life around Tia was never boring--but that was part of her appeal. And while she didnt see herself as classically beautiful, she had no shortage of options in the boyfriend department. She just hadnt found one who held her interest.Until she laid eyes on Eric Larsson, and then it was lust at first sight. He packed the perfect mix of smoldering sexy and unapologetic cool into his blond-haired, blue-eyed, ridiculously hot six-foot-four frame. One smile from him was enough to twist her insides, making her girlie bits tingle in the most delicious way. But it wasnt just his looks, he was smart and funny--charming in the most a-dork-able way.The only problem was . . . Tia had never actually met him.Eric Larsson was one of Hollywoods hottest movie stars, rising to the top of his game and leaving a trail of disintegrated panties in his wake. Tias were no exception--but she wasnt delusional. Love, marriage and happily-ever-after were not part of her fantasy; she just wanted to meet him. Just one time. One time. Confident that just seeing him in the flesh would get him out of her system.So, with her resolve steeled, Tia set off on a quest to make it happen while avoiding her mug shot being splayed across the five oclock news. and not get arrested.The journey no doubt will make for one hell of a story.
