## BOOK SYNOPSIS

An inspirational compilation based on three major themes—issues, food and spirituality, and action Eating is a moral act: our choices of what, when, and how we eat have a huge impact on the Earth, our fellow human beings, and other living creatures. This book presents a unique vision, combining essays, scripture, storytelling, recipes, initiatives, and general wisdom in one beautifully produced book, all seeking to change our relationship with what we eat and how we obtain our food. Altogether this is a groundbreaking collaboration among Christianity, Islam, Buddhism, Judaism, Sikhism, and Hinduism, alongside secular organizations, to get people thinking, acting and eating with a new consciousness. Includes dual measures.
